Enjoy your hobbies in peace.

This is the workshop that lets you spread out without getting in anyone's way.

If you're a gardener or DIY enthusiast, you'll love the feeling of freedom that comes from having a place to call your own – a place where everything is to hand.

The Hytti has space for tools, equipment and a workbench – plus a door that you can shut behind you. Now you can get on with the things that matter.

## mokki

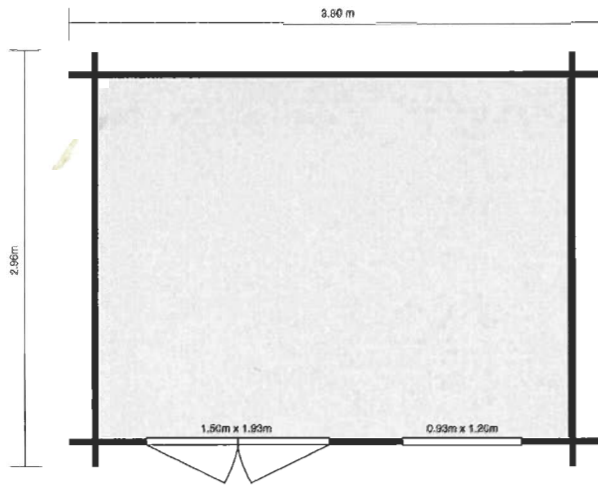

Some days it always seems like teatime.

That's how it is in the Mokki. The doors may be flung wide to invite the world in, yet the pace of life never quickens beyond the stirring of a teaspoon.

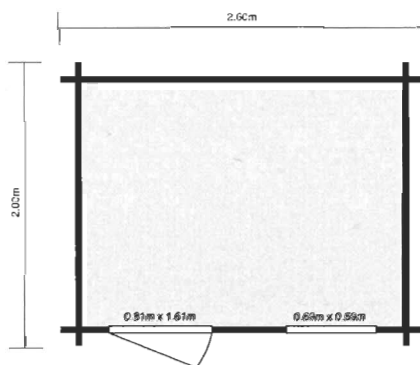

When the sun is hot and the scones are fresh-baked, who wants to confront anything more demanding than the choice between gooseberry or damson jam?
