

## tampere

The Tampere is the summerhouse for a garden where space is at a premium.

It offers you the joy of outdoor living on a manageable scale.

For a couple, or for those who enjoy quiet solitude, the Tampere is the perfect garden hideaway. No TV, no mail, no phones. Just fresh air and birdsong.

# talo

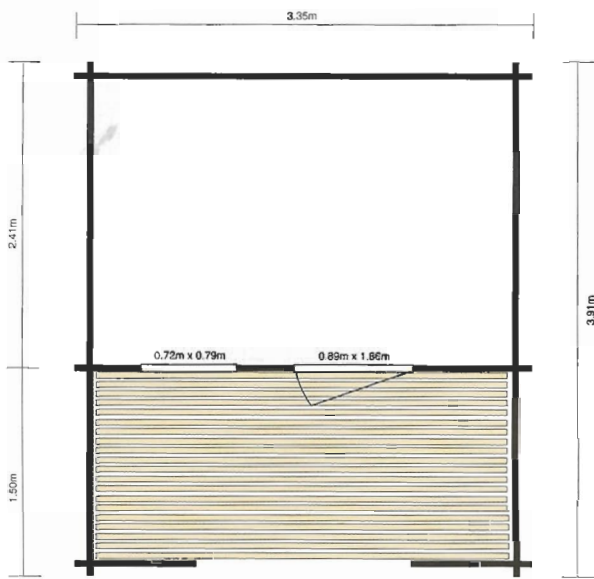

The Talo lets you mix and match – and still keep your options open.

Follow the seasons or follow your mood; you furnish the Talo to make the most of what life has to offer: summerhouse ... guest room ... gymnasium ... party venue.

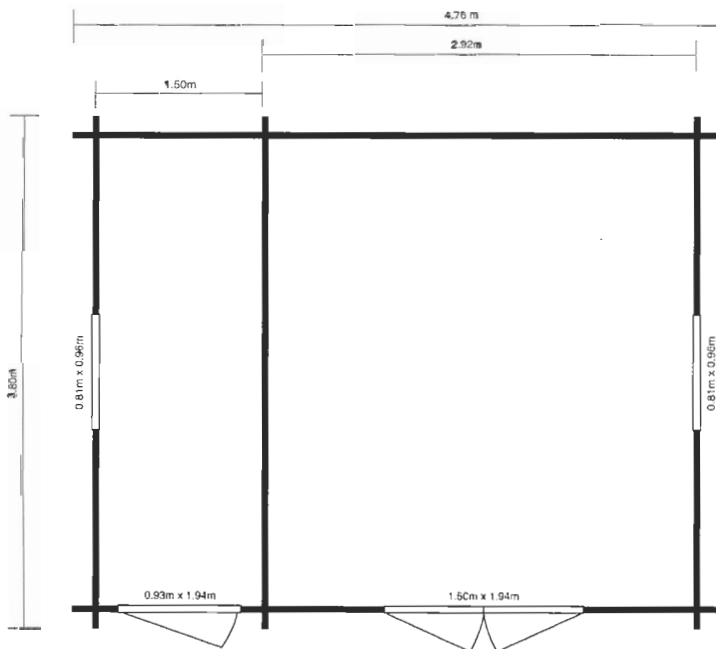

Whichever you choose, the Talo's separate storeroom will swallow the clutter of a changing year of outdoor living: sports equipment, folding beds, dining chairs and deckchairs. Take what you want and put the rest away for another day.
