

Bicycle Store

NEW
SECURITY OPTION
(HASP & PADLOCK SETS)

"HIGHLY RECOMMENDED" – **CYCLING WEEKLY**

- **SECURE**
- **CONVENIENT**
- **EASY TO USE**
- **STORES UP TO 3 BIKES**

"The bicycle store is robust enough to deter anyone breaking in and is a sound investment. It is easy to assemble, unobtrusive and can store bikes and kit with room to spare – it is highly recommended" – **CYCLING WEEKLY**

This new model has been designed specifically for the secure and convenient storage of bicycles. Due to its ample height and width it can accommodate all types of mountain or racing bikes and, depending on the cycle design, can usually store up to three adult bikes.

The bicycle store features our unique spring assisted opening action allowing easy access and includes two padlock points for security.

This model is produced from PVC coated galvanised steel which is guaranteed for 15 years against corrosion; it is also maintenance free and fire resistant.

COLOURS

A choice of Moorland Green side panels with Olive Green roof/door or entirely Cream (which closely matches many mobile home colour schemes). See colour chart on page 9.

OPTIONAL EXTRAS

PLYWOOD FLOOR

The 1/2" (12mm) exterior grade plywood floor is used if you require the contents of your unit to be raised above ground level. The floor is supplied with metal supports.

PADLOCKS

These top quality solid brass padlocks feature a hardened steel shackle and come complete with two keys and a five year guarantee. Two padlocks are recommended.

HASP AND PADLOCK SET

For even greater security this high quality lock set also secures the units front door to the base. Both hasp and padlock feature a stainless steel and brass construction for long life. One or two sets can be fitted as required.

DIMENSIONS

External			Internal			Weight	
Height	Width	Depth	Height (to front)	Height (to back)	Width		Depth
52.5"	77"	35"	43"	51"	71"	33"	59kg
1.33m	1.96m	0.89m	1.09m	1.29m	1.80m	0.84m	

For even greater security why not also use a Trimetals ground anchor which comes complete with heavy duty chain and padlock (see page 6 for details).
